

01 — User Personas

Initial Proto-Personas

These preliminary personas help guide the Week 1 design direction and will be validated through user research in Week 2.

PERSONA 01

Ayesha Khan

24 years · University Student · Beginner

Bio

Ayesha wants to learn UI/UX and freelancing skills but feels overwhelmed by scattered learning resources.

Goals

- Learn UI/UX design
- Build a portfolio
- Start freelancing

Pain Points

- Doesn't know where to start
- Too many scattered resources
- Difficult to track learning progress

Needs

- Beginner-friendly courses
- Clear learning path
- Progress tracking

Quote

"I want to learn UI/UX and build a freelance career."

PERSONA 02

Sana Ahmed

31 years · Homemaker · Beginner

Bio

Sana wants to develop a digital skill from home and eventually earn online, but she needs a simple and flexible learning experience.

Goals

- Learn a skill from home
- Earn online
- Learn at her own pace

Pain Points

- Limited time
- Unsure which course to choose
- Complicated learning platforms

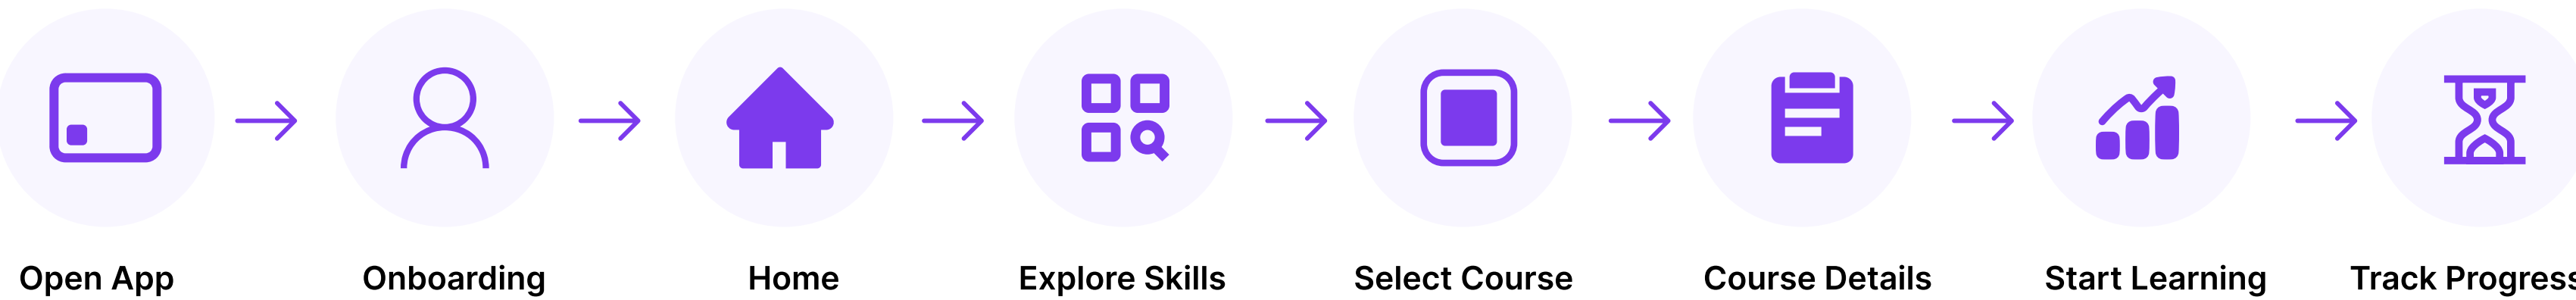

Needs

- Simple navigation
- Short, manageable lessons
- Clear course recommendations

Quote

"I need a simple way to learn a skill from home."
